*NOTE: If the proposed water supply well is within an area where a permit or preapproval for groundwater extraction is required, your permit application must be accompanied by the proper agency permit/approval.

I hereby agree to comply with all provisions of Ventura County Ordinance No. 4468, and all applicable State of California and local regulations pertaining to well construction, repair, modification and destruction. I agree to comply with all conditions of the issued permit to submit required post-work documents and reports. I understand that any modification of the issued permit requires approval by the Groundwater Manager, Water Resources Division, and that the information contained herein becomes a part of the permit when issued.

County of Ventura
APPLICATION FOR WELL PERMIT
800 South Victoria Avenue, Ventura, CA 93009-1610

Well Location Map / Site Plan: Indicate exact location of proposed well, all existing wells of all types (regardless of whether they are subject to regulation under Article 1 of Ventura County Ordinance No. 4468), drainage pattern of the property, all intermittent or perennial, natural or artificial water bodies or water courses, property lines (with APN number), sewage disposal systems or works carrying or containing sewage, access roads, livestock and animal keeping areas, composting or mulching operations areas, and solid waste disposal sites. Setbacks from potential sources of contamination shall comply with the California Department of Water Resources *California Well Standards Bulletin 74-90* available at the following website address:

<https://water.ca.gov/Programs/Groundwater-Management/Wells/Well-Standards/Combined-Well-Standards>

Map should be drawn to scale or show distances of the above items from the proposed well. Map extent should be a minimum radius of 500 feet from the proposed well.
